a higher standard, a new era.

Fire Protection Products

Ameripipe Supply, Inc. is one of the leading Pipe, Valves and Fittings (PVF) suppliers in the southwest United States. In business since 1979, Ameripipe is a firm with financial clout, run

by second-generation family members and associates who combine decades of industry experience with current day technological know how.

In addition to a substantial inventory of fire protection products, Ameripipe also offers fabrication at all locations. And with on-site staging and the ability to ship directly from the manufacturer, we maintain a fill rate above 95%. That means that you can count on the fact that you will have it when you need it. Period!

We know that quality products and service are a must in the fire protection business. Ameripipe Supply is reaching higher standards by ensuring that we meet and exceed our customer's demands while maintaining competitive pricing in all markets. Let us prove that Ameripipe Supply has opened a new era in our industry.
